EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR
 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Biddle on 12/11/03.

The application has been amended as follows:

Cancel Claims 1 and 3-7.

Allowable Subject Matter

- 2. Claims 8, 10-12 and 14-16 are allowed.
- 3. The following is an examiner's statement of reasons for allowance: The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious the claimed method for depositing a softening lotion on an absorbent paper. The closest cited prior art (Vinson et al.) teaches a method for applying a liquid dispersion to a tissue paper by first spraying it to the heated transfer surface and then transferring it to the tissue paper (see col. 18), but fails to teach direct air spraying of the dispersion to the paper under pressure as required by the instant claims. Therefore, the instantly claimed invention is patently distinct from the closest prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
